Update on Bunker Hill's New Recycling Program

The City of Bunker Hill Village thanks all residents for your response to our new recycling program! Our first recycling day with the new carts began ***April 1, 2015***.

Many thanks to all residents for your patience and understanding as we worked through this transition!

Reminder: We still provide the same "*back door*" - "*viewable from the street*" service. Recycle day continues each week on Wednesdays. Recycling must be placed in the cart (no need to sort) and the cart must be viewable from the street by 7:00 am.

Thank you for joining the City in
"Going Green in 2015!"
